TERSELY TOLD.

W. L. Cawthon, wife and child, of DeFuniak, were among the arrivals in the city yesterday.

A. F. and W. M. Tatom, prominent mill men of Geneva, Ala., were business visitors to Pensacola yesterday.

Mrs. Wilburn Fallow has as her guest Miss Alice Cahill, of New Orleans, La.

C. C. Sackhoff, who has been on a business trip to Alabama, returned to the city last night.

Dr. Hurley Cawthon, of DeFuniak, was among the visitors arriving in the city last night.

A. H. Payne, who has been in Norfolk, Tampa and other places for the past year, has returned to the city.

William J. Dieder, lately stenographer for L. S. Brown & Co., left Friday for Muscogee, for an indefinite stay on the Southern States stock farm for the benefit of his health.

A recent copy of the El Paso, Tex., Herald contained a very flattering description of the El Paso Vehicle Works, owned by Chas. Leharon and W. B. Hillard, formerly of this city. Their many friends here will be gratified to learn of their great success.

Eleven defendants were before Recorder Laney in the municipal court yesterday morning for trial. Of this number seven cases were continued, two defendants given thirty-day sentences and fines imposed amounting to \$20.

Judge and Mrs. Francis B. Carter, of Marianna, are expected to reach the city tonight from their home and will be at the home of Mrs. S. A. Mereno. Judge Carter will be here for some weeks, as circuit court convenes Monday morning.

Mr. and Mrs. F. F. Bingham left last night for a visit of a few days in New Orleans. While there, Mr. Bingham with Mr. Theodore Webber, will arrange a contract for the sixty or more costumes that will be required for the Mardi Gras parade of King Priests for 1906.

The friends of Wallace B. Caswell will be glad to see him back at his work for The Journal on the west side. Mr. Caswell has been away for some two months on account of his health but returns improved in strength and ready to wait upon Journal subscribers in his accustomed territory.

Miss Minnie E. Kehoe, the efficient court stenographer of this circuit, reached the city last night, coming from Marianna, where she had been for several weeks. Hon. J. Walter Kehoe, the state attorney, will not arrive until about Wednesday as the jury which is to be drawn to-morrow

MUCH COLDER WEATHER FELT

Thermometer Began to Fall About
Midnight and it is Much
Colder To-day.

A big change in weather conditions was experienced last night and this morning. After a steady rain all day the wind began to rise during the early portion of the night and the rain ceased, but not until a rainfall of 1.70 inches had been recorded.

The greatest change noticeable, however, was when the rain ceased. The thermometer immediately began to fall and shortly after midnight the atmosphere was very chilly, and those out at that hour were sorry that they did not have an overcoat handy.

During the early morning hours it continued to grow colder and it is the expectation that the weather of to-day will be about the coldest experienced here this year.

Storm Warning.
The following notice of the approach of a storm was issued yesterday afternoon by Weather Observer Reed upon advice from Washington:

"The disturbance on the middle Gulf Coast will cause increasing easterly winds on the South Atlantic coast, and east, shifting to strong northwest winds on the East Gulf Coast."

SAGE LEAVES

Special to The Journal.

Brent, Dec. 2.—The fall season has been exceptionally favorable for the farmers of West Florida, while a large area of the state is experiencing the usual autumnal drought.

The rains have been quite regular but not excessive, and Jack Frost has stayed his blighting hand until the normal winter season.

After the average date for the first killing frost in December let the truckers beware; for it would be worth over fifty per cent. to insure such crops as tomatoes, beans and okra against damage by a freeze.

Clopton Brothers are planting heavily of assorted vegetables which withstand the normal winters of this latitude—cabbage, as usual, seems to be their great leader.

The fall maggots have been unusually bad on our heavy lands, doing great damage to young cabbage, beets, onions etc.

On the day of thanksgiving we shut our eyes to such pests, and remember only the fine crops of potatoes, hay and sugar-cane which have been harvested, and the wild turkey which we couldn't catch for our holiday dinner.

The measure of our winter season by the duration of time between the average date of the first killing frost and of the last frost-killing shows considerably less than three calendar months.

What a glowing prospective for the northern farmers to have assurance that snow is rarely seen—those who have always fed and housed their stock from October until April.

We call it a cold wave here when the north wind knocks the temperature down below 40 or 50 degrees.

Last Wednesday was too hot for the "fore-cast" the cold wave of Thursday gave a threatening aspect, but a reaction took place before the temperature dropped to 40 degrees, and no frost occurred on Friday morning.

Now that the yellow fever has been stamped out without a killing frost we are not so anxious for its early appearance.

With the present unsettled conditions I cannot predict a normal forecast. The Ohio election seems to indicate a warm winter.

If Mr. Williams is found innocent of murder in the first degree at Marianna, the sun may cease to shine and the laws of navigation be repealed!

Some People

Seem to be always suffering from a weak stomach. They can't sleep nor eat and as a result are nervous, restless, tired and weak. They have the haggard look so characteristic of the dyspeptic. If we could only persuade every such sufferer to try

HOSTETTER'S Stomach Bitters

we know good health would be their sure reward. Thousands of dyspeptics have found this true and a fair trial is all that is necessary to convince you, too. It always cures.

Headache, Costiveness, Poor Appetite, Indigestion, Cramps, Heartburn, Bloating, and Malarial Fever, Colds or Grippe.

Aged people or those recovering from a long sick spell will be greatly strengthened by the Bitters. Try it.

BAD BLOOD

"Before I began using Cascarets, I had a bad complexion, pimples on my face, and my food was not digested as it should have been. Now I am entirely well, and the pimples have all disappeared from my face. I can truthfully say that Cascarets are just as advertised; I have taken only two boxes of them."
Clarence H. Griffin, Sheridan, Ind.

Pleasant, Palatable, Potent, Taste Good, No Good, Never Sickens, Weakens or Irritates. 30c, 25c, 10c, 5c. Sold in bulk. The genuine Cascarets stamped C.C.C. Guaranteed to cure or your money back. Sterling Remedy Co., Chicago or N.Y. 50c

WILLIAMS CASE

COST ABOUT
\$6,000

That is the Conservative Estimate
Made of Cost of the
Two Trials.

The trials of William F. Williams for murdering John White and Edwin C. Danahy, has cost Escambia county no less than \$6,000. This is the conservative estimate of a county official who handles the business of paying off the witnesses and jurors. Of this, of course, the state bears a portion.

Williams was first indicted by the grand jury, and the trial here cost over \$2,000. There were many witnesses in addition to those who went before the grand jury, and the expense was considerable, nearly a week being consumed in the trial. Witnesses not only from the city but from all portions of the county were in attendance and of course receive five cents for each mile they travel in addition to fees. There were also special venire for jurors aggregating 150, men, all of whom had to be paid mileage and the costs of summoning them amounted to a large sum.

The trial at Marianna, however, was more expensive. And of the witnesses had to travel at least 270 miles, and some of them further, a number coming from across the state line. The special venire for a jury also added to the cost, and to this it must be remembered that with few exceptions every witness of over fifty remained at Marianna for four days. The witnesses who went to Marianna will draw about \$16.50, including mileage, and it is expected that the total for the two trials will reach at least \$6,000.

Eczema, scald head, bites, itchiness of the skin of any sort instantly relieved, permanently cured. Doan's Ointment. At any drug store.

Therein is the Difference.
A meddler is a person who fails in his attempt. The meddler who succeeds is no meddler, but a hero.—Duch Herald.

Nailing the Ghost.
An extraordinary instance of rustic superstition has been brought to light in a Hungarian village. Owing to sinister rumors as to the cause of death the authorities had the body of a peasant exhumed and were horrified to find the hands and feet nailed down to the coffin, while a long nail had also been driven through the heart. An inquiry was at once held, with the result that an old woman confessed that the act had been perpetrated under her directions. The man had died a sudden death, and there being a superstition in Hungary that persons dying under such circumstances haunt the house in which they die, the further superstition has grown up that postmortem reappearances can be prevented by nailing the body in its coffin. The old woman further admitted having done the same thing in all similar cases for many years.—London Globe.

Duelling Pistols.

The pistol used in the duel is not the military arm or the revolver, but a very carefully made and wonderfully accurate weapon known as the duelling pistol. For many years the length of this arm was a matter of grave discussion at all the clubs in England and on the continent. At first the duelling pistol had a twelve inch barrel and carried twenty round bullets to the pound, but in 1810 the elder Devisers, with his confrere, Lepage, at Paris, and Manton and Egg of London, the most eminent pistol makers of their respective countries, fixed the actual length of the duelling pistol barrel at nine inches, and there it has remained. A case of the best pistols used to bring from 500 to 750 francs, or \$100 to \$150
